

# Procedure to Shop Online on Amazon

1. Visit <https://www.amazon.in/> on your Desktop browser.
2. Type the name of the product(s) you want to buy in the search bar and press ENTER.
3. The website soon shall display a list of your search-related product(s). Click on the product(s) you wish to buy.
4. You shall land on a product description page. On this page, you should get all the necessary details of the product(s) you are interested in. On the top-right hand corner, you shall see two options (i.e., “Add to Cart,” “Buy Now”). Click on “Buy Now.”
5. The website shall redirect you to a Sign-In page. If you already have your Amazon account, then fill your credentials (e.g., Mobile Number, Email-id, Password, etc.) and press ENTER. If you are new to Amazon, then click on “Create your Amazon account.”
6. On the Amazon registration page, fill your Name, Mobile Number, Email-id, Username, and Password. Click on “Sign Up.”
7. The website shall redirect you to the login page. Fill your Username and Password. Click on “Login.”
8. You shall land on a delivery instruction page. Type the address (i.e., Apartment Number, Apartment Name, Nearest Landmark, City, State, and Pincode) where you want the product(s) to be delivered. Add delivery instructions, if needed. Click on “Proceed.”
9. Now, select a payment method from the given options (i.e., “Credit Card,” “Debit Card,” “Net Banking,” “UPI,” or “Pay on Delivery”). Select “Pay on Delivery” and click on “Continue.”
10. You are almost done! You shall finally land on the order review page. Check the product(s) information, cost, delivery address, and payment method for one last time. If everything looks good, then click on “Place your order.” You will soon receive a notification on your Mobile Number and your Email-id regarding your recent purchase.
11. Sit Back and Relax! Until your order reaches your doorstep.
